If you plan to roof over existing roofing, a pre-roofing inspection must be done to decide if this will be allowed. Under current code, 3<sup>rd</sup> layers are not allowed. A tear off inspection will be required when the roof deck is exposed.

If any work, including loading of materials will be conducted from the City's right of way (sidewalk, alley, etc) provide a drawing showing how you will be protecting the area for pedestrian or vehicle traffic. A Right of Way permit will be required.
